# information

## BEGREEN

BeGreen is Pilot's environmentally friendly range of pens. They are manufactured out of recycled plastic and at least 70% of the pens weight is made out of recycled materials in accordance with ISO14021. Excluding replaceable parts (e.g. refillers, ink, lead etc). All of our factories are ISO 14001 certified and our factory in France is EMAS certified.

- ① Colour of the product's barrel
- ② Ink colour
- ③ Certified with Swedish Archive
- ④ Product number

\* % of recycled material excl. replaceable parts (refills, ink, lead etc.)

### Certified with Eco Mark

Type 1 certification in accordance with ISO-14024

A certification and standard to ensure reduced impact on our ecosystem.

## WE ARE A CLIMATE PARTNER CERTIFIED

ClimatePartner Certified; this means that we have calculated our greenhouse gas emissions, are continuously reducing them and offset unavoidable emissions through carbon offset projects. As well as the avoidance and reduction of greenhouse gas emissions, offsetting is also a vital step in climate action. Without offsetting, the 1.5-degree target of the Paris Convention is not achievable at present - we do not yet have the necessary technologies to reduce all emissions drastically enough to meet this target. Investing in carbon offset projects also promotes sustainable development in the Southern hemisphere, so that economic progress is not dictated by investment in and use of fossil fuels.

As a climate neutral company, we support the following carbon offset project:

**Clean oceans**  
**Plastic Bank**  
**Worldwide**

 **ClimatePartner**

### PRODUCT NUMBER

Did you know that the product code for each product is the same numbers as the six last numbers of the EAN code?

### DOCUMENT SAFE INK

Ballpoint pens in black, blue and red are document safe, according to ISO 12757-2.

V-Ball and Hi-Tecpoint pens in black and blue are document safe, according to ISO 14145-2.

Gel pens in black and blue are document safe, according to ISO 27668-2.

### PACK SIZE

Begreen pens  
10 pieces per box. Inner  
10 boxes (100 pcs.) Outer

Other pens  
12 pieces per box  
12 boxes (144 pcs.)

Refills - set of 12

# write better with less.

**Recycling, reducing  
and refilling** our  
products is our way  
to take care of people  
and the planet through  
responsible products  
and commitments.

**better by  
transformation.**

**better by  
limitation.**

**better by  
evolution.**

**better by  
taking part.**

## Since 2006

We favour recycled plastic in our pen production.

## recycle,

keep the use of plastic to the minimum.

begreen range  
at least 70%

best sellers  
at least 70%

best sellers  
at least 50%

\*Excluding replaceable parts

## Switch to cardboard

We reduce the use of plastic by creating fully recyclable packaging.

## reduce,

less plastic in our packaging.

## Over 60% of Pilot products are refillable

We promote refill sales with a 2-in-1 offer of pens + refills:  
less waste and longer lifespan.

## refill,

change the ink  
not the body.

PILOT is adding reclaimed ocean plastic,  
to the recycled PET material used in the manufacture of  
the iconic B2P range (Gel and Ecoball).

## reclaim,

less plastic in our  
oceans to reduce  
pollution.

In partnership  
with

# Refill your Pilot.
